## ALOHA FROM TAD JAMES

I invite you to be a part of the resurgence that is sweeping the planet. There is a great rekindling and revival of the teachings that guided the people of the earth many centuries ago.

You may have noticed that in the last 10 years more and more have become interested in these teachings. Workshops on Shamanism, Native American Teachings, and similar kinds of teachings are more popular than ever before. It's because people want to know:

- ◇ "Who am I?"
- ◇ "What is my spiritual nature?"
- ◇ "What is the nature of the world in which we live?"
- ◇ "How were people in ancient times connected to nature?"
- ◇ "How can I connect with the elemental forces of nature and live in harmony with my environment?"
- ◇ "Why do things happen the way they do?"

If you have asked yourself even one of these questions over the past few years, then it may be time for you to consider the study of Huna. Huna is the original art and science of healing and spiritual development of the Hawaiian people. It isn't for everyone, but it is for those who want to know more about who we are and the nature of the world we live in.

Come and discover why this teaching has become so important to us and hundreds of others who have attended our past Huna Intensive Trainings. For me, it is very rewarding to assist our students to gain a greater sense of who they are at a deeper level.

I look forward to seeing you at one of our Huna Trainings!

E iho ana o luna . . . Remember you are the light!

## OUR SUPERB TRAINERS

**Tad James (Kiaina'auaomaikalani) will be your lead trainer and guide.** Tad is one of the most knowledgeable and effective trainers on the planet. He has pulled from several powerful personal growth disciplines to create the Huna Intensive experience. Long a student of eastern philosophy, Tad is a former teacher of Transcendental Meditation and Siddha Yoga Meditation. Tad brings his long term interest in the development of consciousness and his background in modeling from Neuro-Linguistic Programming in sharing many of the Huna techniques he has practiced for over 20 years.

**Along the way, you will meet many native Hawaiians, each of whom will impart their specialized knowledge and wisdom of their lineage. Our trainers' schedules vary and there will be a variety of different presenters.**

**George Naope (Lanakilakeikiahiali'i):** "Uncle George" is one of the most highly respected authorities on Hawaiian hula and chants, and has even been honored with the "Living Golden Treasure" designation. He is a real gift to this training whether he joins us in person or sends his aloha.

Huna is the name of the teachings of the ancient Hawaiian people. Many believed that at one time there was just one teaching that all peoples of the Earth lived by, the purpose of which was to increase life force energy – to increase the balance of mental, emotional, physical and spiritual. Huna stayed more pure than many teachings and is considered to be the most direct link to the ancient wisdom. Join the many who are discovering a fulfilling affinity to the teachings and find out for yourself the amazing results you'll experience with Huna! Come to beautiful Kona, and spend a week with Tad and others trained in the lineage of "Uncle" George Naope, one of Hawai'i's Living Golden Treasures.

## WHO TAKES A HUNA INTENSIVE?

A wide and varied range of people are drawn to Huna and take a Huna Intensive Training. The range includes healthcare professionals, therapists, psychologists, lawyers, business owners and managers, educators, world-class professional athletes, college students, and people just like you. Most people who take a Huna Intensive want to know more about themselves and the world around them than what is presented in modern science and psychology. So, if you are interested in a more esoteric view of the world, if you want to connect more with who you are and discover a whole new world around you, then Huna is for you.

## HUNA IS AN EXPERIENCE, NOT A CLASSROOM!

Learning Huna is more about experiencing the knowledge, rather than learning the techniques. While you'll do both at this training, it is important for you to realize that this is a very different training than any you have ever attended. Plan on "living" this material, not just "learning" it.
